## What is Kappa Theta Epsilon?

Kappa Theta Epsilon Society is a national organization that aspires to promote cooperative education by recognizing outstanding students in the cooperative education program, who are among the most able and qualified in the country. In addition, the Kappa Theta Epsilon Society strives to provide service to the cooperative education programs at member colleges and universities, and serve as a forum for the exchange of ideas regarding cooperative education.

## History of Kappa Theta Epsilon

The Kappa Theta Epsilon Society was founded at Virginia Polytechnic Institute and State University in 1957 by the graduating class of cooperative education students that year. Their purpose was to recognize those who conferred honor upon the Virginia Polytechnic Institute and State University by distinguished scholarship, industrial ability, integrity, breadth of interest and adaptability as undergraduates in the cooperative education program, and to develop a spirit of competitive achievement in academic work.

## Current KTE Chapters
